division the authority to regulate medical marijuana and retail marijuana. The bill allows the division to receive moneys from the general fund. The bill deposits all of the application and licensing fees and sales, use, and special marijuana sales taxes from retail marijuana into a cash fund and permits supplementing the fund with moneys from the general fund to allow the division to operate. Once the division achieves a balance of cash funds sufficient to support the division, any excess revenue up to the amount of general fund moneys provided shall be transferred to the general fund. The bill sets the application fees for applicants who are current medical marijuana licensees or applicants at \$500 and at \$5,000 for new applicants. One half of the fee is transferred to the local jurisdiction. On September 30, 2014, and each year thereafter, the state licensing authority must provide a report to the joint budget committee and the finance committees regarding the amount of revenue generated by retail marijuana and its regulatory work.

The bill creates the regulatory framework for retail marijuana. The bill allows an existing medical marijuana licensee or an existing medical marijuana applicant the opportunity to apply for a retail marijuana license with the option of converting its operation to a retail marijuana business or retaining a medical marijuana business and adding a retail marijuana business. The bill places a 3-month moratorium on retail marijuana license applications from individuals who are not currently licensed for medical marijuana or an applicant for a medical marijuana license. The state licensing authority must act upon the applications no sooner than 45 days after receipt and no later than 90 days after receipt. The following businesses must be licensed to operate a retail marijuana business: retail marijuana stores, retail marijuana products manufacturers, retail marijuana cultivation facilities, and marijuana testing facilities. The bill allows the state licensing authority to issue a state license that is conditioned on the local jurisdiction's approval.

The bill requires the state licensing authority to promulgate rules as required by the constitution and authorizes the state licensing authority to promulgate other rules with the assistance of the department of public health and environment.

The bill describes persons who are prohibited from being licensees and requires license applicants to undergo a background check. The bill also limits the areas where a licensed operation may be located. The state licensing authority may set fees for the various types of licenses it issues. The bill requires all officers, managers, and employees of a retail marijuana business to be residents of Colorado. All owners must be residents of Colorado for at least 2 years prior to applying for licensure.

A licensed retail marijuana store and licensed retail marijuana products manufacturer may either grow its own marijuana or purchase it from a retail marijuana cultivation facility.

A retail marijuana store may only sell one-fourth of an ounce of

marijuana to a nonresident during a single transaction. A retail marijuana store may not sell any retail marijuana product that contains nicotine or alcohol. A retail marijuana store must place each sold item in a sealed nontransparent container at the point of sale.
