A BILL FOR AN ACT

CONCERNING THE "ASSAULT WEAPON RESPONSIBILITY ACT".

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://www.leg.state.co.us/billsummaries.)

The bill concerns liability for the discharge of an assault weapon. It defines an assault weapon as any firearm except:

- Handguns;
- Shotguns; and
- Bolt-action rifles.

The bill establishes strict liability against a person who discharges an assault weapon for damages caused by the discharge. It creates an
exception for damages occurring within a dwelling if the assault weapon was used to defend the person or others from another person who was about to use physical force against the person or another person within the dwelling. The bill establishes certain exceptions to liability for an owner of an assault weapon.

The bill establishes liability for a person who owns, obtains, or possesses an assault weapon for damages caused by the discharge of the assault weapon by a third person if the person was negligent in storing the assault weapon or allowing a third party to come into possession of the assault weapon.

The bill establishes liability for a seller and transferor of an assault weapon for damages caused by the discharge of the assault weapon by a third party if the person:

- Negligently entrusted the assault weapon to a third party whom the person knew or reasonably should have known might use the weapon to cause bodily injury to the third party or others; or
- Sold or transferred the assault weapon in violation of any state or federal law.

The bill establishes liability for a seller, distributor, or manufacturer of an assault weapon for damages caused by the discharge of the assault weapon by a third party if the person sold or transferred the assault weapon in violation of any state or federal law.

The bill requires sellers, distributors, and manufacturers to:

- Use the highest degree of care in selling, transferring, distributing, and storing assault weapons; and
- To receive information to have reasonable grounds to believe that the weapon will not be possessed by a person who may use it dangerously or unlawfully.

The bill specifies that failure to do so constitutes a violation of state law.

The bill repeals the statutes that prohibit certain civil actions from being brought against manufacturers of firearms and ammunition.

1 Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. In Colorado Revised Statutes, add part 12 to article

SECTION 2. In Colorado Revised Statutes, repeal part 5 of article 21 of title 13 as follows:

13-21-501. Legislative declaration. (1) The general assembly hereby declares that it shall be the policy in this state that product liability for injury, damage, or death caused by the discharge of a firearm or ammunition shall be based only upon an actual defect in the design or manufacture of such firearm or ammunition and not upon the inherent potential of a firearm or ammunition to cause injury, damage, or death when discharged:

(2) The general assembly further finds that it shall be the policy of this state that a civil action in tort for any remedy arising from physical or emotional injury, physical damage, or death caused by the discharge of a firearm or ammunition shall be based only upon an actual defect in the design or manufacture of such firearm or ammunition or upon the commission of a violation of a state or federal statute or regulation and not upon any other theory of liability. The general assembly also finds that under no theory shall a firearms or an ammunition manufacturer, importer, or dealer be held liable for the actions of another person.
13-21-502. "Product liability action" - definition. As used in this part 5, unless the context otherwise requires, "product liability action" means a claim for damages brought against the manufacturer, distributor, importer, or seller of firearms or ammunition alleging a defect in the design or manufacture of a firearm or ammunition:

13-21-503. Determination of defect - burden of proof. (1) In a product liability action, whether a firearm or ammunition shall be deemed defective in design shall not be based upon its potential to cause injury, damage, or death when discharged.

(2) The burden shall be on the plaintiff to prove, in addition to any other elements required to be proven:

(a) In a product liability action alleging a design defect, that the actual design was defective and that such defective design was the proximate cause of the injury, damage, or death;

(b) In a product liability action alleging a defect in manufacture, that the firearm or ammunition was manufactured at variance from its design and that such defective manufacture was the proximate cause of the injury, damage, or death;

(3) The inherent potential of a firearm or ammunition to cause injury, damage, or death when discharged shall not be a basis for a finding that the product is defective in design or manufacture:

13-21-504. Proximate cause. (1) In a product liability action, the actual discharge of a firearm or ammunition shall be the proximate cause of injury, damage, or death resulting from the use of such product and not the inherent capability of the product to cause injury, damage, or death:

(2) The manufacturer's, importer's, or distributor's placement of a firearm or ammunition in the stream of commerce, even if such
placement is found to be foreseeable, shall not be conduct deemed
sufficient to constitute the proximate cause of injury, damage, or death
resulting from a third party's use of the product.

(3) In a product liability action concerning the accidental
discharge of a firearm, the manufacturer's, importer's, or distributor's
placement of the product in the stream of commerce shall not be conduct
deemed sufficient to constitute proximate cause, even if accidental
discharge is found to be foreseeable.

(4) In addition to any limitation of an action set forth in section
13-80-119, in a product liability action brought by the criminal, it shall be
an absolute defense that the injury, damage, or death immediately resulted
from the use of the firearm or ammunition during the commission of the
criminal act which is a felony or a class 1 or class 2 misdemeanor.

13-21-504.5. Limitations on actions - award of fees. (1) A
person or other public or private entity may not bring an action in tort;
other than a product liability action, against a firearms or ammunition
manufacturer, importer, or dealer for any remedy arising from physical or
emotional injury, physical damage, or death caused by the discharge of a
firearm or ammunition:

(2) In no type of action shall a firearms or ammunition
manufacturer, importer, or dealer be held liable as a third party for the
actions of another person:

(3) The court, upon the filing of a motion to dismiss pursuant to
rule 12 (b) of the Colorado rules of civil procedure, shall dismiss any
action brought against a firearms or ammunition manufacturer, importer,
or dealer that the court determines is prohibited under subsection (1) or
(2) of this section. Upon dismissal pursuant to this subsection (3), the
court shall award reasonable attorney fees, in addition to costs, to each
defendant named in the action:

(4) Notwithstanding the provisions of subsection (1) of this
section, a firearms or ammunition manufacturer, importer, or dealer may
be sued in tort for any damages proximately caused by an act of the
manufacturer, importer, or dealer in violation of a state or federal statute
or regulation. In any action brought pursuant to the provisions of this
subsection (4), the plaintiff shall have the burden of proving by clear and
convincing evidence that the defendant violated the state or federal statute
or regulation.

13-21-505. Applicability of this part 5. Nothing contained in this
part 5 shall be construed to bar recovery where the plaintiff proves that
the proximate cause of the injury, damage, or death was a firearm or
ammunition which contained a defect in manufacture causing it to be at
variance from its design or which was designed so that it did not function
in the manner reasonably expected by the ordinary consumer of such
product.

SECTION 3. Effective date - applicability. (1) This act takes
effect upon passage.

(2) (a) Sections 13-21-1204 and 13-21-1205, Colorado Revised
Statutes, as enacted in section 1 of this act, apply to causes of action
arising on or after said date.

(b) Sections 13-21-1206 and 13-21-1207, Colorado Revised
Statutes, as enacted in section 1 of this act, apply to causes of actions
relating to assault weapons manufactured, sold, or transferred on or after
September 1, 2013.

SECTION 4. Safety clause. The general assembly hereby finds,
determines, and declares that this act is necessary for the immediate
preservation of the public peace, health, and safety.
