Summary of Legislation

Procurement technical assistance offers education, counseling, and technical assistance to entrepreneurs to compete for government contracts. This bill creates the Procurement Technical Assistance task force, to:

- discuss management practices and create a management strategy for the future of procurement technical assistance centers;
- develop a plan for the long-term funding and sustainability of procurement technical assistance centers;
- formulate a framework for procurement technical assistance centers;
- evaluate procurement technical assistance strategies in other states;
- develop a public-private partnership to enhance the procurement technical assistance program; and
- make recommendations as necessary.

The task force consists of 8 uncompensated members; 4 are members of the General Assembly, 2 are from the Office of Economic Development and International Trade (OEDIT); and 2 are from non-profit organizations. It is dissolved on January 1, 2014.

This bill also requires OEDIT to provide administrative support to the task force. OEDIT must also assist one of its FY 2012-13 grant recipients that offers procurement technical assistance in satisfying its financial obligations to receive matching moneys from the federal government, for the purpose of providing procurement technical assistance. This grant recipient is not identified in the bill.

State Expenditures

This bill increases General Fund expenditures by \$15,000 within OEDIT in FY 2013-14. These funds will be used to provide administrative support to the task force. It is expected that OEDIT will expend this amount for this task.

State Appropriations

For FY 2013-14, this bill requires a General Fund appropriation of \$15,000 to the Office of Economic Development and International Trade.
