A BILL FOR AN ACT CONCERNING LIMITATIONS ON THE USE OF CERTAIN PUBLIC LAND FOR AUTOMOTIVE SERVICE STATIONS IN ORDER TO LIMIT GOVERNMENT COMPETITION.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://www.leg.state.co.us/billsummaries.)

The bill codifies in statute the current federal prohibition on the commercialization of the interstate rest areas. The bill provides an exception for vending machines placed in rest areas in conformance with the federal "Randolph-Sheppard Vending Stand Act".

The bill prohibits certain public entities, including the Colorado department of transportation and political subdivisions, from retailing motor fuel, not including electricity, directly to the public but allows such public entities to enter into contracts with a private entity to retail motor fuel for public use within certain parameters established in the bill. The bill does not prohibit a public entity from servicing its fleets.
