1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly  
3 hereby finds and declares that:

4 (a) Colorado's persistently high unemployment rate during the  
5 recent recession has created economic and social hardships for the people  
6 of the state;

7 (b) Local start-up companies and small businesses are likely, as  
8 they grow, to remain in their communities of origin, thereby creating local  
9 jobs and an economic multiplier effect with their payrolls and taxes while  
10 providing local economic stimuli, which increases the local tax base;

11 (c) Statewide economic prosperity and job creation are advanced  
12 significantly by creating, promoting, and retaining local start-up  
13 companies and small businesses with high growth potential;

14 (d) Entrepreneurs and small business owners of second-stage  
15 companies, which are those companies that are beyond the start-up stage  
16 but have not yet fully matured, with innovative products or services that  
17 satisfy market needs, have particular potential for expansion and job  
18 creation;

19 (e) Such entrepreneurs and owners can benefit from specialized  
20 business assistance to refine core strategies and from access to in-depth  
21 market research, competitor analyses, geographic information systems,  
22 search engine optimization, and other strategic information, as well as

1 from relationships with mentors and advisers;

2 (f) The aspects of economic gardening that incorporate these  
3 principles have proven successful in improving the entrepreneurial  
4 process and promoting economically sustainable local businesses; and

5 (g) It is important to the overall health and growth of the state's  
6 economy to promote favorable conditions for those expanding Colorado  
7 businesses that demonstrate the ability to grow.

8 (2) In recognition of the foregoing findings and principles, it is the  
9 intent of the general assembly to create a Colorado economic gardening  
10 pilot project in the Colorado office of economic development.
