**Bill Summary**

*(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://www.leg.state.co.us/billsummaries>.)*

The bill requires the executive director of the department of public safety to adopt rules concerning forensic medical evidence of a sexual assault (forensic evidence) collected by law enforcement agencies. The rules shall include:

Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment.  
Capital letters indicate new material to be added to existing statute.  
Dashes through the words indicate deletions from existing statute.

! Standards for when forensic evidence must be submitted by law enforcement agencies to the Colorado bureau of investigation or another accredited crime laboratory (laboratory); and

! Time frames for when the forensic evidence must be submitted, analyzed, and compared to DNA databases.

The bill requires the consent of the victim prior to the release of forensic evidence following disclosure of the purpose for the release and allows the victim to withdraw consent.

To resolve the backlog of unanalyzed forensic evidence, the bill requires:

! Law enforcement agencies to submit to the Colorado bureau of investigation (CBI) an inventory of all unanalyzed forensic evidence in active investigations that meets the standard for mandatory submission; and

! The CBI to submit a plan to analyze all of the forensic evidence inventories by law enforcement agencies.

A law enforcement agency may develop its own plan to analyze forensic evidence if the evidence will be analyzed by June 30, 2014.
