programs, services, and supports for persons with intellectual and developmental disabilities contained in article 10.5 of title 27, Colorado Revised Statutes (C.R.S.) to the department of health care policy and financing (HCPF) on March 1, 2014. The transferred provisions are repealed and relocated, with amendments, to a new article 10 of title 25.5, C.R.S.

The following provisions of article 10.5 of title 27 are being relocated:

! Part 1 - Rights of Developmentally Disabled

! Part 4 - Family Support Services

! Part 5 - Colorado Family Support Loan Fund

Provisions relating to regional centers and the coordinated system of payment for early intervention services for infants and toddlers will remain in article 10.5 of title 27 and will continue to be administered by DHS. Because certain programs and responsibilities will remain with DHS, certain provisions in article 10.5 of title 27 relating to definitions for the article and the duties of the department are amended in the bill.

The transferred programs, services, and supports will be administered by the newly created division of intellectual and developmental disabilities (division) within the newly created office of community living (office). The director of the office will be appointed by the executive director of HCPF and will report to the executive director. The office is created as of July 1, 2013.

In September and November 2013, HCPF, in conjunction with intellectual and developmental disability advocates and service providers, will report to the joint budget committee of the general assembly concerning any issues relating to the set up of the office and the upcoming transfer of programs. Additionally, quarterly, commencing after the March 2014 transfer and concluding in December 2014, HCPF, along with the above-referenced advocates and providers will report to the joint budget committee and the health care committees of the general assembly concerning the operation of the division and its administration of the transferred programs, services, and supports.

The bill changes certain terminology in the provisions contained in the bill, including changing the phrase, "developmental disabilities" to "intellectual and developmental disabilities". Additionally, the bill makes conforming amendments.

11 PART 3

12 FAMILY SUPPORT SERVICES

13 **25.5-10-301. [Formerly 27-10.5-401.] Legislative declaration.**

14 (1) It is the intent of the general assembly that the service delivery system
15 for ~~individuals~~ PERSONS with INTELLECTUAL AND developmental
16 disabilities emphasize community living for persons with INTELLECTUAL
17 AND developmental disabilities and provide supports to ~~individuals~~
18 PERSONS that enable them to enjoy typical lifestyles. One way to
19 accomplish this is to recognize that families are the greatest resource
20 available to ~~individuals~~ PERSONS who have a AN INTELLECTUAL AND
21 developmental disability and that families must be supported in their role
22 as primary care givers. The general assembly finds that supporting
23 families in their effort to ~~care~~ PROVIDE SUPPORTS for their family members
24 at home is more efficient, cost-effective, and humane than maintaining
25 ~~people~~ PERSONS with INTELLECTUAL AND developmental disabilities in
26 out-of-home residential settings. In recognition of the importance of
27 families, the general assembly states that the following principles should

1 be used as guidelines in developing programs to support ~~families who~~
2 ~~have children~~ A FAMILY THAT HAS A CHILD with disabilities:

3 (a) Families of ~~individuals~~ PERSONS with INTELLECTUAL AND
4 developmental disabilities are best able to determine their own needs AND
5 PREFERENCES and should be empowered to make decisions concerning
6 necessary, desirable, and appropriate services and supports;

7 (b) Families must receive the services and supports necessary to
8 care for their children at home;

9 (c) Family support must be responsive to the needs of the entire
10 family unit;

11 (d) Family support must be sensitive to the unique strengths and
12 needs of individual families;

13 (e) Family support must build on existing social networks and
14 natural sources of support;

15 (f) Family support is needed throughout the lifespan of the
16 ~~individual~~ PERSON who ~~is disabled~~ HAS A DISABILITY;

17 (g) Family support must encourage the inclusion of people with
18 INTELLECTUAL AND developmental disabilities within the community;

19 (h) Family support services must be flexible enough to
20 accommodate unique needs of families as they evolve over time;

21 (i) Family support services must be consistent with the cultural
22 preferences and orientations of individual families;

23 (j) Family support services should be comprehensive and
24 coordinated across the numerous agencies likely to provide resources,
25 supports, or services to families;

26 (k) Family support services should be based on the principles of
27 sharing ordinary places, developing meaningful relationships, learning

1 things that are useful, making choices, as well as increasing the status and
2 enhancing the reputation of people served;

3 (l) Supports should be developed by the state that are necessary,
4 desirable, and appropriate to support families;

5 (m) INTELLECTUAL AND developmental disabilities programs and
6 policies must enhance the development of the ~~individual~~ PERSON with a
7 AN INTELLECTUAL AND developmental disability and the family;

8 (n) State programs should provide sufficient services and supports
9 to enable families to keep their family members with INTELLECTUAL AND
10 developmental disabilities at home;

11 (o) A comprehensive, coordinated system of supports to families
12 effectively uses existing resources and minimizes gaps in supports to
13 families and ~~individuals~~ PERSONS in all areas of the state;

14 (p) Services and supports provided through the family support
15 program ~~shall~~ MUST be closely coordinated with early intervention
16 services and ~~shall~~ MUST foster collaboration and cooperation with all
17 agencies providing services and supports to infants and preschool
18 children; and

19 (q) Any rights, entitlements, services, or supports created by this
20 ~~part 4~~ PART 3 are not to be considered a limitation, modification, or
21 infringement on any existing rights, entitlements, services, or supports,
22 otherwise expressly provided by this article.

23 (2) In addition, the general assembly recognizes that the STATE
24 department has for several years developed and maintained a family
25 resource service program that provides support services to families of
26 children with INTELLECTUAL AND developmental disabilities who are at
27 risk of out-of-home placement. Because of the success of this program the

1 general assembly recommends that this valuable program be continued
2 and expanded so that more families in this state are able to receive
3 appropriate services, supports, and assistance needed to stabilize the
4 family unit. In recognition of the basic goal to support families, on an
5 individual family basis, in maintaining a person with a AN INTELLECTUAL
6 AND developmental disability at home and in recognition of the principles
7 stated in subsection (1) of this section, the general assembly declares that
