"oriental" from the definition of the practice of acupuncture in reference to adjunctive therapies. The bill clarifies that a licensed acupuncturist is not authorized to practice medicine, surgery, or any other form of healing except as authorized in the "Acupuncture Practice Act". An acupuncturist who has had his or her license revoked, or who has surrendered his or her license in lieu of discipline must wait at least 2 years before reapplying for licensure. The bill revises the grounds for discipline by removing the reference to "addicted to or dependent on alcohol or upon any habit-forming drug".

Current law states that an acupuncturist may be disciplined if he or she continues to practice acupuncture while subject to any physical or mental disability or while afflicted with a communicable disease. Under the bill, an acupuncturist may be disciplined if he or she fails to notify the director of the division of professions and occupations (director) of a physical or mental condition that impacts his or her ability to perform acupuncture or if he or she fails to comply with a confidential agreement with the director.

Current law requires letters of admonition to be sent by certified mail; the bill requires that the letters be sent by first-class mail.
