State Revenue		
State Expenditures	Minimal workload increase.	
FTE Position Change		
Appropriation Required: None.		

* This summary shows changes from current law under the bill for each fiscal year.

Summary of Legislation

The bill requires that on or before January 1, 2016, the Department of Revenue (DOR) promulgate rules requiring edible retail marijuana products be clearly identified, when practicable, with a standard symbol indicating that it contains marijuana and is not for consumption by children.

The DOR is required to convene a stakeholders group by August 1, 2014 to develop recommendations for the rules on standard labeling for edible retail marijuana products. Prior to February 1, 2015, the DOR will report its findings to the Senate Health and Human Services Committee and the House Health Insurance and Environment Committee.

State Expenditures

The bill will increase workload in the Marijuana Enforcement Division in the DOR to conduct stakeholder meetings, promulgate rules, and conduct outreach to make the retail marijuana industry aware of the new requirements. This increase in workload will be managed as part of ongoing implementation of state marijuana enforcement and does not require a new appropriation.

Effective Date

The bill was signed into law by the Governor and took effect on May 21, 2014.
