

Colorado Legislative Council Staff Fiscal Note

**STATE and LOCAL
REVISED FISCAL IMPACT**

(replaces fiscal note dated April 21, 2014)

Drafting Number: LLS 14-0590 **Date:** April 22, 2014
Prime Sponsor(s): Rep. Hamner; Buckner **Bill Status:** Senate Appropriations
 Sen. Kerr; Steadman **Fiscal Analyst:** Marc Carey (303-866-4102)

SHORT TITLE: FINANCING OF PUBLIC SCHOOLS

Fiscal Impact Summary*	FY 2014-2015	FY 2015-2016
State Revenue	<u>\$12,859</u>	<u>\$12,859</u>
<i>Revenue Change</i>		
Cash Funds	\$12,859	\$12,859
<i>State Transfer</i>		
General Fund		(143.2 million)
State Education Fund	(24,800)	143.2 million
Cash Funds	24,800	24,800
State Expenditures	<u>\$49,940,709</u>	<u>\$91,028,312</u>
General Fund	68,084	62,911
Cash Funds	49,847,775	90,939,305
Centrally Appropriated Costs**	24,850	26,096
FTE Position Change	2.3 FTE	2.3 FTE
Appropriation Required: \$68,084 General Fund - Dept. of Human Services (FY 2014-15) \$49,847,775 State Education Fund - Dept. of Education (FY 2014-15)		

* This summary shows changes from current law under the bill for each fiscal year. Transfers and diversions result in no net change to state revenue. Parentheses indicate a decrease in funds.

** These costs are not included in the bill's appropriation. See the State Expenditures section for more information.

Summary of Legislation

This bill, **as amended by the Senate Education Committee**, changes the "Public School Finance Act of 1994" by modifying the funding for K-12 public schools in FY 2014-15. The amended bill increases base per pupil funding to \$6,121, to reflect a 2.8 percent inflation rate. The bill also makes the following changes in the calculation of total program:

- limits the amount of the negative factor in FY 2015-16 to be less than or equal to the level of the negative factor in FY 2014-15;
- clarifies the method used to calculate the cost of living factor in years when average teacher salaries either decline or increase by less than 1 percent;
- increases the number of slots in the Colorado Preschool Program (CPP) by 5,000, adjusts the calculation of the negative factor for the cost of these increased slots;
- for FY 2014-15 and thereafter, increases the full-day kindergarten factor from 0.58 to 0.60; and
- applies statutory minimum per pupil funding to all charter schools.

In addition to changes to total program, for FY 2014-15 and beyond, the amended bill modifies the funding for other public school programs as follow:

- increases by \$2 million the appropriation to boards of cooperative educational services (BOCES);
- allows school districts to operate with a higher limit on bonded indebtedness if the district's average annual increase in pupil enrollment for 3 or 5 years is at least 2.5 percent;
- requires that 75 percent of the FY 2014-15 General Fund surplus be transferred to the State Education Fund; and
- annually transfers \$24,800 from the State Education Fund to the Colorado Teacher of the Year Fund.

Finally, the amended bill repeals and reenacts the English Language Proficiency Act (ELPA), recreating a state program providing supplemental funding to local education providers (LEPs) defined as school districts, the Charter School Institute (CSI), and facility schools for English language proficiency programs. The Colorado Department of Education (CDE) is required to allocate state money to LEPs for each student receiving services as an English language learner (ELL) on a per pupil basis, depending on classifications specified under current law. LEPs may receive an allocation for each student for up to five budget years, compared with two budget years under current law.

Under the amended bill, LEPs are required to:

- provide an English language proficiency program for all enrolled ELLs;
- report and certify to the CDE the number of ELLs enrolled in English language proficiency programs; and
- report the number of ELLs who exit the program.

Under the amended bill, the CDE is required to:

- identify the English language proficiency assessments to be used by LEPs;
- annually review statewide levels of English language proficiency for ELLs on assessments;
- assist LEPs to develop, implement, and evaluate ELL programs, including the provision of guidance documents and technical assistance;
- monitor each LEP's program based on student performance and report the number of ELLs who exit the program, their length of time in the program, and the number of ELLs who reenter the program; and
- administer the ELL award program.

State Revenue

The bill will increase cash fund revenue by \$12,859 in FY 2014-15 and beyond. The revenue increase is because of an increase in the number of preschool students who will require preschool facilities and providers. The Colorado Department of Human Services is responsible for licensing and inspecting preschools throughout the state, and charges an annual licensing fee of \$77 per classroom or facility. The bill is expected to require 167 new classrooms at an average size of 15 students per classroom. If each classroom provides morning and afternoon sessions, the revenue would be \$12,859 annually.

State Transfers or Diversions

General Fund Surplus. The amended bill requires the transfer of 75 percent of the FY 2014-15 General Fund surplus to the State Education Fund. Based on the adopted 2014 Long Bill package, this amount is currently estimated to be \$143.2 million. However, this amount will be reduced by seventy-five cents on the dollar for any additional legislation that increases spending or reduces revenue in FY 2014-15.

Colorado Teacher of the Year Fund. The amended bill requires an annual transfer of \$24,800 from the State Education Fund to the Colorado Teacher of the Year Fund.

State Expenditures

School finance in Colorado is governed by both the constitution (Amendment 23 - Article IX, Section 17) and statutes (the Public School Finance Act of 1994 - Title 22, Article 54, C.R.S.). Under current law, total program is estimated to cost \$5.762 billion in FY 2014-15, of which \$3.782 billion comes from state sources, mainly the General Fund.

Total Program Funding (Without passage of HB 14-1292). Section 3 of House Bill 14-1298 increases total program funding in FY 2014-15 by \$17.1 million to account for increases in the funded pupil count that result from the funding of the 5,000 additional CPP slots. As a result, the bill sets total program funding for FY 2014-15 at \$5.779 billion. This represents a 15.42 percent reduction from what funding levels would have been without the negative factor. However, the increase in the supplemental full-day kindergarten factor is not currently funded. The appendix details the funding changes that occur at the school district level as a result of this bill.

The \$5.779 billion in total program funding represents an estimated increase of \$252.6 million in FY 2014-15 compared with actual funding levels for FY 2013-14, and an estimated increase of \$17.1 million in FY 2014-15 relative to current law. State expenditures for school finance will increase by \$17.0 million, with local revenue making up the difference. Since the negative factor is set at 15.42 percent, each district's total program funding will be reduced by 15.42 percent from the level set by the funding formula before application of the negative factor, provided the district receives at least an amount of state aid that is greater than this percentage reduction.

In FY 2015-16, Section 3 of the bill specifies a maximum value for the size of the negative factor, thereby creating a minimum level of total program funding. Specifically, the value of the negative factor in FY 2015-16 may not exceed the difference between the calculated statewide total program and actual total program for FY 2014-15, which totals \$1,048,150,141, based on the provisions of this bill. This constant negative factor amount would increase state funding for total program by about \$60 million in FY 2015-16, relative to current law.

Total Program Funding (With passage of HB 14-1292). Section 4 of HB 14-1298 contains an alternative specification for both total program funding and the value of the negative factor in FY 2014-15 and FY 2015-16, contingent on passage of HB14-1292. In particular, total program funding in FY 2014-15 would be set at \$5.933 billion, representing an increase of \$170.9 million relative to current law. In FY 2015-16, the value of the negative factor would be capped at \$894.3 million, which would increase state funding for total program by about \$212.9 million relative to current law.

Cost-of-living factor adjustment. Under current law, the cost of living factor in the school finance funding formula is adjusted whenever the percentage increase in a school district's cost of living exceeds the percentage increase in the statewide average teacher salary. This bill clarifies that in the event the denominator in that calculation is greater than zero but less than 1 percent, the denominator will be rounded up to 1 percent. This change will not impact the cost of living factors used for FY 2014-15 or FY 2015-16 because the average teacher salary decreased between 2010 and 2012, but it could potentially decrease the cost-of-living factors in future years and the overall cost of school finance.

Full Day Kindergarten. The amended bill increases the funding factor for full day kindergarten from 0.58 to 0.60. This is expected to increase total program funding and state aid by \$10.1 million, but an adjustment to the targeted negative factor to pay for this increase was not included. This fiscal note will be updated once the total program target has been updated.

Minimum Funding for Charter Schools. The amended bill applies the statutory minimum per pupil funding (95 percent of the statewide average) to all charter schools. It is expected that three schools will see increased funding as a result of this provision, totaling an estimated \$209,547. The affected schools are listed in Table 1.

School District	Charter School
Mesa	Caprock Academy
Poudre Valley	Colorado Early College Fort Collins
Poudre Valley	Global Village Academy - Fort Collins

BOCES Funding. The bill increases the appropriation from the State Education Fund for BOCES by \$2,000,000.

English Language Proficiency Act. The bill appropriates \$30.5 million from the State Education Fund in FY 2014-15 for two ELPA programs. First, the bill creates an award program, funded at \$500,000, to provide grants to LEPs that achieve the highest English language and academic growth among ELLs who have transitioned out of a program. The State Board of Education (SBE) must create rules and set the award amount based on the student enrollment in qualifying LEPs. The CDE will administer the program and allocate awards. Each LEP that receives an award must submit data analysis of its ELL program and report how award money was used. The CDE must make the information reported available to other LEPs and to the public.

Second, the bill repeals and reenacts the state ELL proficiency program to allocate moneys to LEPs to offset costs incurred in complying with the act, to support professional development for ELL educators, and to expand programs to assist ELL students in achieving greater content proficiency. ELL students may receive support through this program for 5 budget years as compared with 2 budget years under current law. The CDE will calculate the allocation from the support program to LEPs on a per pupil basis using the following distribution: 75 percent to ELLs who do not comprehend or speak English or who comprehend and speak some English, but whose primary language is something other than English; and 25 percent to ELLs who comprehend and speak English, but whose proficiency is below acceptable levels. In FY 2014-15, \$30 million is appropriated for the program equaling about \$833 per pupil to the first group of students and \$92 per pupil to the latter group.

The 2014 Long Bill provides funding for FY 2014-15 for an additional 4.1 FTE for ELL programs to cover technical assistance and guidance for districts. In addition, the CDE will require an additional \$53,228 and 0.5 FTE annually in FY 2014-15 and \$50,876 and 0.5 FTE thereafter to administer the new grant award program and to track and report on the progress of the expanded pool of ELL students.

Also, note that the amended bill provides the additional \$30 million in ELL funding outside of the existing categorical program funded through the Long Bill.

Colorado Teacher of the Year Fund. This fund will receive an annual transfer of \$24,800 from the State Education Fund. This money will primarily be used to fund cover travel expenses for award winners to attend the annual Teacher of the Year conference and a national recognition ceremony in Washington D.C. and award administrative costs.

Colorado Department of Human Services (CDHS). CDHS will incur costs of \$68,084 in FY 2014-15 and \$62,911 in subsequent years to license and inspect preschool facilities. It is assumed that an additional 167 preschool classrooms will be needed to serve 5,000 new preschool students. This requires 1.1 FTE annually. Currently, the caseload for licensing preschools in CDHS is 150 per specialist.

Colorado Department of Education (CDE). CDE will incur costs of \$63,607 in FY 2014-15 and \$60,315 in subsequent years to provide program monitoring, technical assistance and training support. It is assumed that the new preschool slots will be distributed similarly to the current slots and the costs of these duties will therefore increase in proportion to the number of slots. This requires an additional 0.7 FTE annually.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. The centrally appropriated costs subject to this policy are estimated in the fiscal note for informational purposes and summarized in Table 2.

Table 2. Centrally Appropriated Costs Under House Bill 14-1298*		
Cost Components	FY 2014-15	FY 2015-16
Employee Insurance (Health, Life, Dental, and Short-term Disability)	\$14,119	\$14,119
Supplemental Employee Retirement Payments	10,731	11,977
TOTAL	\$24,850	\$26,096

*More information is available at: <http://colorado.gov/fiscalnotes>

School District Impact

Table 3 shows the estimate of school finance act funding under Senate Bill 14-1298. The table compares FY 2014-15 funding levels with actual funding in the prior year. In FY 2014-15, the bill increases funding by \$187 per pupil and funds 14,303 new pupils. Total program funding is thus increased from \$5.527 billion to \$5.779 billion. Of this amount, the state's share is increased from \$3.588 billion to \$3.799 billion. The appendix to this fiscal note contains a district-by-district overview of the school finance impacts House Bill 14-1298. The school finance section of the Legislative Council website contains a similar overview of the combined school finance impacts of House Bill 14-1292 and House Bill 14-1298. (<http://www.colorado.gov/cs/Satellite/CGA-LegislativeCouncil/CLC/1251600282747>)

Table 3. School Finance Act Funding under House Bill 14-1298					
	Pupil Count	Per Pupil Funding	Total Program Funding	State Aid	Local Share
FY 2013-14 Act.	830,833	\$6,652	\$5,526,933,749	\$3,588,100,260	\$1,938,833,490
FY 2014-15 Est.	845,136	\$6,839	\$5,779,496,341	\$3,799,482,600	\$1,980,013,741
Percent change	1.72%	2.81%	4.57%	5.89%	2.12%
Increase	14,303	\$187	\$252,562,592	\$211,382,340	\$41,180,251

Pursuant to Section 22-32-143, C.R.S., school districts and Boards of Cooperative Educational Services (BOCES) may submit estimates of fiscal impacts within seven days of a bill's introduction. As of the date of this fiscal note, no summaries of fiscal impacts were submitted by districts or BOCES for this bill. If summaries of fiscal impacts are submitted by districts or BOCES in the future, they will be noted in subsequent revisions to the fiscal note and posted at this address: <http://www.colorado.gov/lcs>.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature. Section 3 of the bill becomes effective if HB 14-1292 does not become law. Section 4 of the bill becomes effective if HB 14-1292 is approved by the legislature and Governor.

State Appropriations

For FY 2014-15, the amended bill contains the following General Fund appropriations:

- a \$68,084 General Fund appropriation and authorizes 1.1 FTE to the Department of Human Services.

For FY 2014-15, the amended bill also includes the following cash funds appropriations:

- a \$63,607 appropriation from the State Education Fund and authorizes 0.7 FTE to the Department of Education;
- a \$16,996,593 appropriation from the State Education Fund to the Department of Education for the state's share of total program;
- a cash funds appropriation from the State Education Fund for BOCES of \$2,000,000;
- a \$30 million appropriation from the State Education Fund for the English language proficiency program; and
- a \$500,000 appropriations from the State Education Fund for the implementation of the ELPA excellence award program.

For FY 2014-15, the amended bill also requires the following cash funds appropriations:

- a \$209,547 appropriation from the State Education Fund to the Department of Education;

- a \$53,228 appropriation from the State Education Fund and authorization for 0.5 FTE to the Department of Education; and
- a \$24,800 appropriation from the Colorado Teacher of the Year Fund to the Department of Education.
