child care assistance program, the duration of the child care authorization notice, which authorizes payment of child care costs, is the same as the period for which the child's family is eligible for child care assistance. However, the state board of human services, by rule, may identify specific circumstances in which the authorization notice term may be less than the full period of eligibility. A county may reduce the number of families served by the child care assistance program if necessary to avoid overspending its child care block grant allocation for a fiscal year.
