Summary of Legislation

This bill reorganizes and relocates the statutes concerning sealing of criminal records to another section of statute. It allows a person to petition a district court to seal an arrest record if he or she is not charged with a crime and is no longer being investigated by law enforcement if the statute of limitations has not expired.

State Expenditures

This bill may increase workload for the state court system to seal arrest records as requested. The fiscal note assumes that any such requests will be minimal and not require an adjustment in appropriations for the Judicial Department.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
