HOUSE  
Amended 2nd Reading  
February 13, 2014

**Wildfire Matters Review Committee.** In connection with the existing statutory authority permitting county governments to ban open fires to reduce the danger of wildfires, the bill permits counties to prohibit or restrict the ability of agricultural producers to conduct burning on their own property during periods when red flag warnings or fire weather watches have been issued by the national weather service.

In connection with the existing statutory authority permitting county governments to prohibit or restrict the sale, use, and possession of fireworks, the bill deletes existing statutory language limiting the use of such authority between May 31 and July 5 of each year in times of high fire danger.
