used to fund innovations in nursing home care:

- ! Changes the name of the nursing facility culture change accountability board to the nursing home innovations grant board and changes the membership of the board;
- ! Adds a definition of "benefit residents of nursing facilities" to specify that grants have a direct impact on the residents of nursing facilities or an indirect impact through education of nursing facility staff;
- ! Deletes language permitting use of grant money to educate state surveyors, supervisors, and the state or local ombudsman;
- ! Deletes language permitting use of grant money for organization newsletters or web sites;
- ! Specifies that programs approved for grants must be portable and not proprietary to the grantee so that programs can be shared without cost to other providers for the benefit of nursing home residents statewide;
- ! Increases the amount available for grants from 25% of the moneys deposited in the nursing home penalty cash fund (fund) to \$250,000 annually if the balance in the fund is above \$2,000,000. If the balance in the fund falls below \$2,000,000, 25% of the moneys deposited in the fund in the immediately preceding fiscal year may be used for grants;
- ! Directs the department of health care policy and financing to adopt rules implementing procedures for grants; and
- ! Prohibits governmental agencies from applying for or receiving grants.

For the fiscal year beginning July 1, 2014, the bill appropriates \$250,000 from the fund for implementation of the bill.
