

**UPDATED SUMMARY  
HOUSE BILL 15-1194**

**First Regular Session - Seventieth Colorado General Assembly**

---

*This summary applies to the reengrossed version of this bill as introduced in the second house. It does not reflect any amendments that may be subsequently adopted. This summary reflects only the main points of the legislation.*

The Colorado department of public health and environment currently administers the family planning program. Starting in 2008, the department received a multi-year grant to conduct an expanded family planning program, the primary focus of which was to expand access to long-acting reversible contraception (LARC) and related services, particularly to low-income women statewide, in order to reduce unintended pregnancies. Grant funding for the expanded program ends June 30, 2015.

The bill requires the department to continue the expanded program and appropriates \$5 million from the state general fund to the department to provide LARC services in the 2015-16 fiscal year.
