102 **OFFICIALS.**

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://www.leg.state.co.us/billsummaries>.)

Section 1 of the bill addresses the compensation paid to the governor, lieutenant governor, attorney general, secretary of state, and state treasurer by aligning the salaries paid to those 5 officials with a percentage of the salaries paid to certain judicial branch officials. The adjustments take effect for terms beginning on or after the second Tuesday of January 2019.

Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment.
Capital letters indicate new material to be added to existing statute.
Dashes through the words indicate deletions from existing statute.

Section 2 of the bill aligns the salaries of members of the general assembly whose terms commence on or after January 2019 with a percentage of the salary paid to a specified group of officials in the judicial branch.

Current law divides counties into 6 categories for purposes of fixing the salaries of elected county officials. The amount of the salaries specified for each category were last adjusted in 2006. In accordance with the recommendations of the county elected officials' salary commission, the bill increases the number of categories to 24. The bill continues to group the same counties that are grouped together under current law into 6 of the new categories with higher salaries than county officials receive under current law. The general assembly is specifically authorized to amend the law by bill in the future and move counties to other categories.

The director of research of the legislative council is directed to periodically adjust the salaries of elected county officials for inflation. These adjusted salaries would be posted on the general assembly's web site and take effect for terms commencing after the adjustment is made.

1 *Be it enacted by the General Assembly of the State of Colorado:*
