A BILL FOR AN ACT

CONCERNING THE REGULATION OF GENETIC COUNSELORS.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://www.leg.state.co.us/billsummaries.)

The bill enacts the "Genetic Counselor Licensure Act". On and after June 1, 2016, a person cannot practice genetic counseling without being licensed by the director of the division of professions and occupations in the department of regulatory agencies. To be licensed, a person must have graduated with an appropriate genetic counseling degree and have been certified by a national body, except that the director may issue a provisional license to a candidate for certification pursuant to requirements established by rule.

The Act gives title protection to genetic counselors and standard licensing, rule-making, and disciplinary powers to the director. Genetic counselors must have insurance unless the director, by rule, finds that insurance is not reasonably available. The Act repeals on September 1, 2020. Genetic counselors are subject to the mandatory disclosures of the "Michael Skolnik Medical Transparency Act of 2010".
