Under current law, the director of research of the legislative council of the general assembly (director) is required to prepare a fiscal impact statement for each initiative in the ballot information booklet (blue book). This fiscal impact statement includes an abstract.

statement for each initiative submitted to the title board and to further summarize the abstract into a 2-sentence fiscal impact summary. When preparing the initial fiscal impact statement, the director is required to consider the proponents' fiscal impact estimate, which the proponents are strongly encouraged to submit along with the initiative for review and comment.

The abstract from the initial fiscal impact statement must be printed at the beginning of an initiative petition section that is circulated for signatures and the fiscal impact summary must be printed on each succeeding section page. The director is also required to post the initial fiscal impact statement on legislative council staff's web site. When preparing the fiscal impact statement for the blue book, the director is permitted to update the initial fiscal impact statement.

The bill also requires the designated representatives of the initiative proponents to appear at all review and comment meetings. If either designated representative fails to appear at a review and comment meeting, the initiative is considered withdrawn, but the proponents are permitted to resubmit the initiative for another review and comment meeting.
