

**UPDATED SUMMARY
SENATE BILL 16-015**

Second Regular Session - Seventieth Colorado General Assembly

This summary applies to the reengrossed version of this bill as introduced in the second house. It does not reflect any amendments that may be subsequently adopted. This summary reflects only the main points of the legislation.

Current law requires the governor to designate one or more state agencies to compile a list of pesticides that cannot be used in the cultivation or processing of marijuana. The bill replaces these provisions with a directive that the governor designate a state agency to promulgate rules to designate criteria that identify pesticides that may be used in the cultivation of marijuana. The agency will list the pesticides that meet the criteria on its website.

Italicized words indicate new material added to the original summary; dashes through words indicate deletions from the original summary.
