rules on the parameters of a commercially reasonable royalty.

Under current law, an owner of a medical or retail marijuana business must have been a Colorado resident for at least 2 years prior to applying for licensure. The bill allows an owner to be either a 2-year resident of Colorado or a United States citizen on the date of the application for applications submitted on or after January 1, 2017, and prohibits an owner from being a publicly traded company. The bill requires a controlling interest of the licensees, as determined by the operating agreement, to be Colorado residents and maintain that residency while licensees.
