forth the ways in which elector information is processed, recorded, and changed pursuant to the "Uniform Election Code of 1992".

Sections 1, 2, 3, and 5 of the bill align terminology and practices with the current definition of "confirmation card", which applies only to correspondence that is sent via forwardable mail to an elector's address of record.

Section 3 also describes the procedures for county clerks and recorders to follow when the secretary of state's monthly search of the national change of address database maintained by the United States postal service (USPS) indicates that the USPS has received returned mail indicating that an elector is no longer at an address to which returned mail was delivered.

Current law describes procedures for county clerks and recorders to follow when a new voter notification is returned as undeliverable within 20 days. **Section 4** adds procedures to follow when such notifications are returned after 20 days.
