Summary of Amendments Made to the Bill After the 01/16/05 Legislative Council Staff Fiscal Note was Prepared (Amended by the House Education Committee 01/20/05)

1. Defines and authorizes "qualified community organizations" to apply for a grant in partnership with a qualified school (subject to the approval of the school district's board of education). Requires the Department to notify qualified community organizations concerning grant opportunities by posting a notice on its website.
2. Narrows the definition of "qualified school", thereby limiting schools that may apply for grant funding to those that receive an academic rating of "low" or "unsatisfactory" for the preceding school year.
3. Expands the definition of "vocational activity program" to include driver's training.
4. Modifies the criteria the Department is to use in reviewing grant applications and making grant award recommendations to the State Board of Education.

None of the above amendments affect the fiscal impact of the bill, identified in the Legislative Council Staff Fiscal Note dated January 16, 2005.

JBC Staff Concurrence with Legislative Council Staff Fiscal Note

Concurs

Does Not Concur

Updated Analysis

Amendments/Appropriation Status

The bill does not contain, nor does it require, an appropriations clause. The Department of Revenue does not require an appropriation for \$66,354 cash funds exempt and 0.7 FTE related to

programming costs as identified in the Legislative Council Staff Fiscal Note dated January 16, 2005. Bills with nominal programming costs adopted during the 2005 legislative session will be supported in the FY 2005-06 Long Bill under a line item entitled "Programming Costs for 2005 Session Legislation."

Sponsor Amendments

Staff is not aware of any sponsor amendment(s) to be offered.

Points to Consider

1. Check-off contributions are considered gifts and are thus excluded from the Taxpayer's Bill of Rights (TABOR) limitation on fiscal year spending. Therefore, this legislation would not affect the TABOR surplus or the amount of General Fund available for expenditure in FY 2005-06 or subsequent fiscal years.

2. Moneys in the Dropout Prevention Activity Grant Fund would be subject to annual appropriation by the General Assembly to the Department of Revenue and the Department of Education for the direct and indirect costs of implementing the grant program. Thus, once moneys are credited to the Fund, the Departments would need to request spending authority in order to implement the grant program.
