(1) The general assembly hereby declares that it is the intent of the general assembly to encourage school districts to acquire and maintain automated external defibrillators on public school grounds. A school district shall also accept gifts, grants, and donations, including in-kind donations, designated for obtaining an automated external defibrillator, and for inspection, maintenance, and training in the use of an automated external defibrillator as required in subsection (5) of this section.

(c) Any automated external defibrillator acquired by a school district shall be appropriate for use on children and adults.

(4) Use of an automated external defibrillator donated to or purchased by a school district is limited to school property and school events.
