

Sir(s) or Madam(s),

We respectfully submit the following revised constitutional initiative language with the required enacting clause, amending clause, heading, and small caps to show the language being added to the constitution - all for your consideration (issue #108):

Be it Enacted by the People of the State of Colorado:

Article XVIII of the constitution of the State of Colorado is amended BY THE ADDITION OF A NEW SETION to read:

Section 13. Payment of Fair Value. A MINERAL EXTRACTOR SHALL PAY THE FAIR VALUE OF DAMAGES BROUGHT ABOUT IN THE DEVELOPMENT, PURSUIT, OR EXTRACTION OF A MINERAL, INCLUDING OIL AND GAS.

We understand that you all must be busy at this time and wish to expedite the whole process, yours and ours, and will be happy, if it is within your power and the rules for this process, to meet on Monday April 24 to address our addition of "**INCLUDING OIL AND GAS**" to the text as it seems to us to be not substantive. However, in the interest of completing all requirements and complying with each rule, we will be happy to attend a rescheduled comment and question hearing. A call or email to us, even today, if possible, would be wonderfully appreciated.

Also, please call to inform us if there are any other issues to address.

Thank you,

P.S. Has anyone in your office insight into the titling process or the name of someone who might? I have had many suggestions including our original name. Have we anything to say about titling?
