FOOTNOTES -- The following statements are referenced to the numbered footnotes throughout section 2.

- 2 Department of Agriculture, Agricultural Services Division; Department of Higher Education, State Board of Agriculture; Department of Natural Resources, State Board of Land Commissioners, State Trust Land Evaluations; Parks and Outdoor Recreation; and Division of Wildlife; and Department of Transportation, Construction, Maintenance, and Operations -- Pursuant to Executive Order D00699 issued July 19, 1999, and requirements of Sections 35-5.5-104, 35-5.5-110, and 35-5.5-112, C.R.S., the Departments of Agriculture, Higher Education, Natural Resources, and Transportation are requested to coordinate noxious weed control measures. Each department's designated noxious weed coordinator is requested to collaborate with the state weed coordinator at the Department of Agriculture to prepare a report, to be submitted to the Joint Budget Committee on or before November 1, 2000. The report should identify weed management needs of each applicable program within each respective department; include each department's integrated weed management plan; identify all appropriated funding, staff resources, and programs or procedures undertaken to address noxious weed control for FY 2000-01; identify all applicable federal, state, and local partners in managing noxious weeds; and identify programs or procedures previously accomplished. In order to ensure resources are being prioritized and implemented effectively, and to avoid duplication of effort, departments are also requested to consult with the state weed coordinator on any funding changes requested for FY 2001-02, prior to submission to the Governor's Office of State Planning and Budgeting.
- 5 (Governor lined through this provision. See L. 2000, p. 2752.)
- 6 All Departments, Totals -- The General Assembly requests that copies of all reports requested in other footnotes contained in this act be delivered to the Joint Budget Committee and the majority and minority leadership in each house of the General Assembly. Each principal department of the state shall produce its rules in an electronic format that is suitable for public access through electronic means. Such rules in such format shall be submitted to the Office of Legislative Legal Services for publishing on the Internet. It is the intent of the General Assembly that this be done within existing resources.
- 152 Department of Law, Special Purpose, Comprehensive Environmental Response, Compensation and Liability Act Contracts; Department of Natural Resources, Executive Director's Office, Comprehensive Environmental Response, Compensation and Liability Act; and Department of Public Health and Environment, Hazardous Materials and Waste Management Division, Contaminated Site Cleanups -- It is the intent of the General Assembly that the Department work toward the goal of removing contaminated sites from the federal list of Superfund sites as soon as possible. In this regard, the departments are requested to cooperate in the preparation of a report on the State's CERCLA Program. The report should be prepared annually and should be submitted with each department's budget request. This report should include detailed expenditures, by department, for CERCLA contracts, including actual, estimated, and requested funding for personal services, contract services, operating expenses, and other costs. The report also should include an analysis of long-term funding needs of the State in responding to, litigating, and cleaning up CERCLA sites, including estimated long-term maintenance costs for these sites. The report should discuss the possible downsizing of the State's CERCLA programs.
- 164 Department of Natural Resources, Executive Director's Office -- The Department is requested to submit a public information plan by January 1, 2001. This plan should identify the role of public information officers within the Department, as well as the products and output measures associated with each public information officer. Finally, the report should analyze the potential efficiencies and budgetary savings which could be achieved by consolidating and coordinating public information efforts centrally within the Executive Director's Office.
