SENATE  
Amended 2nd Reading  
April 16, 2001

Directs the Colorado bureau of investigation ("CBI") to require uniform identifiers in state-wide arrest information sent to CBI. Requires the transmittal of such information to the CBI within 72 hours after receipt by the law enforcement entity. Requires the CBI, upon the request of the department of human services ("DHS"), to forward background check information to the department's ICON system.

Requires counties to ensure that criminal background checks are conducted on child care providers that are legally exempt from licensure by the state as a condition of receiving child care assistance program moneys.

Requires the use of both CBI records and the ICON system in conducting criminal background checks on child care providers licensed pursuant to state law. Repeals the pilot program used to study the effectiveness of such a dual check.

Permits DHS to request the CBI to forward criminal background check information to the department for comparison to ICON records. Based on such information, directs DHS to investigate whether a person should be prohibited from providing child care pursuant to state law.
