of Public Health  
and Environment

## Internet Sources for Current Swine Influenza Information

This is the main website for the Centers for Disease Control and Prevention information on swine influenza and the current investigation. This website provides up to date consistent vetted information that is updated daily.

**<http://www.cdc.gov/swineflu/>**

The Colorado Department of Public Health and Environment's website provides a quick link to 'Swine Influenza Information' as well as providing all recent press releases from the department. This website is being updated as the situation changes.

**<http://www.cdphe.state.co.us/>**

The Emergency Preparedness and Response Division of CDPHE started a Google group to provide continual informational updates on swine influenza to our statewide partners. Items posted to this group are of educational value and may be helpful in decision-making. We encourage all partners to join this group.
