

RxPlus Pharmacies is a member owned group purchasing organization, or buying cooperative, that was founded in 1981 by a group of independent pharmacies. We currently have 138 members in Colorado, all but four or five of the independents in the state. A number of independently owned pharmacies in Alaska, Kansas, Nebraska, New Mexico, South Dakota, Utah, Washington, and Wyoming are also members. The organization was originally formed to leverage the purchasing power of multiple pharmacies to obtain favorable pricing with wholesale pharmacy suppliers.

Rx Plus quickly expanded on its original purpose over the years and now provides continuing education opportunities, marketing, legal, business, and state and federal political support for our members. RxPlus's dedicated and knowledgeable staff provides members with answers to complex questions about many issues, including Medicaid, Medicare, and private party insurance.

Independent pharmacies in Colorado provide employment for over 200 professional pharmacists and over 1,000 non-pharmacist employees. We fill approximately 4.5 million prescriptions per year.
