The purpose of adopting these revised rules on an emergency basis is to re-adopt existing emergency rules without substantive amendments. In order to implement Proposition 125 in a timely fashion, the Division previously issued emergency rules on February 27, 2023 to effectuate the conversion of fermented malt beverage off-premises retailers to the new fermented malt beverage and wine retailer license type and issue guidance for retailers gaining the new privilege to sell vinous liquor in sealed containers in addition to their existing privilege of selling sealed malt beverages for off-premises consumption. Given the importance of the subject matter and the extensive work of industry members, the State Licensing Authority, and the Liquor Enforcement Division involved in the Liquor Advisory Group, there has not been sufficient time to engage in the permanent rulemaking process prior to the expiration of the existing emergency rules on June 27, 2023. As a result, adopting this second set of emergency rules to implement Proposition 125 is necessary to allow for completion of the permanent rulemaking process.
